- *2007 Adex Award, gold* 

Ergotron® LX

Desk and Wall Mount LCD Arms

More motion. Less effort. Feel the difference.

Ergotron's LX LCD Arms include Constant Force (CF) patented lift-and-pivot motion technology. With a light touch of your hand you can easily lift, swing, tilt or turn your display.

- Increase viewing comfort—help reduce eye, back and neck strain
- Reposition your display with just a touch
- Excellent price performance
- Arm extends LCD up to 24" and 33" when a second extension is used—push it back out of the way
- Wall Mount or Desk Mount installation

The LX LCD Arm is the perfect desk or wall mount accessory to add flexibility and superior ergonomics to your LCD monitor or TV. Sleek and streamlined, it frees up space and allows you to easily position your display for greater productivity. It's ideal for home and office use, especially in situations where several people use the same display.
